# SUPERIOR BRIDGE-BEACH STOVES

Don't that word "SUPERIOR" sound good to you? That is the proper word to use when you have one of the best grade BRIDGE & BEACH STOVES. We have just received our fall stock of

## Hot-blast Heaters, Ranges, Cook Stoves

The Superior Hot Blast leads the way for a heating stove. It takes less coal, gives a more even heat and keeps fire over night better than any stove we have ever seen. It works just like a base burner. Now the Cook stove can't be beat. Ask your neighbor and they will tell you that their Superior is a good one and wears longer than any other make. The manufacturers do not use any old iron but everything about them is made of new material. If you need a new stove buy a Superior and you will be good natured and happy for a long time to come. We have other stoves, but if you want the best buy Superior Hot Blast and Superior Cook or Superior Range and you will sure get your money's worth.

### Our New Line of Pumps and Wind Mills

Is in charge of John Lloyd. While John does not claim to be an expert on everything, he claims the Pump and Windmill business to be his long suit and we have put in a stock of Demster Mill Pumps. These iron pumps throw very near as large a stream as the common wood pump, and he tells us that they are the best pump made. We carry in stock the Sampson Windmill, which is recognized as one of the best mills, but will furnish any other mill wanted. We would like to figure on your work if in need of Pump or Mill we can put it up for you and do it right.

Now the beauty of buying of us is you get your money's worth. Don't that sound good to you?

Your Humble Servants,

Chas. Morgen, a former Democratic congressman from this district, insinuates that he would be willing to accept the Republican nomination for the same office this year.

State veterinarian of Missouri announces that hog cholera has entirely disappeared from Missouri since the recent floods, and no cause can be assigned. Previous to the floods hog cholera was at its worst.

Town lots at auction seems to be coming popular. At the sale of lots at Purcell last week 100 lots were sold the total amount of the sales being \$10,254. The business lots averaged a little less than \$160, and the residence lots a few cents over \$50.

The Lamar Leader suggests the "younger and more vigorous man William J. Stone," for president in preference to Senator Crookwell. If the Leader wants William Joel for president it had better keep quiet until the people have forgotten about his baking powder record for it is liable to get the "horse laugh."

A lot of the Democratic organs announce that "the Folk boom is dying." Well, if it expires the Republicans of Missouri will not be among the mourners. With Folk at the head of the Democratic ticket they would not have a promising prospect of winning. With Reed, Gaunt or Hawes there the Republicans are sure to win unless the people of Missouri shall have lost their reason. -Kosciusko City Journal.

Mr. Roosevelt In The Union Leaders  
Chicago Record Herald.

The President made an irrefutable statement concerning the limitation of his powers when he said:

In the employment and dismissal of men in the government service I can no more recognize the fact a man does or does not belong to a union than I can recognize the fact that he is a Protestant or a Catholic, a Jew or a Gentile, as being for or against him.

None of the labor leaders to whom these words were addressed thought of questioning the soundness of the assertion, none of them desires to force an issue upon the particular legal technicalities involved in the Miller case. It is now in fact generally recognized that so far as there was any movement of this sort among the unions it was a bad mistake. At the same time it is obvious that the President's remarks are so worded as to produce an excellent impression upon the generality of the people. He was dealing, he said, purely with the relation of the government to its employees, and he added:

I must govern my action by the laws of the land which I am sworn to administer, and which differentiate any case in which the government of the United States is a party from all other cases whatsoever. These laws were enacted for the benefit of the whole people, and cannot and must not be construed as permitting discrimination against some of the people. I am President of all the people of United States, without regard to creed, color, birthplace, occupation or social condition. My aim is to do equal and exact justice as among them all.

The aim will be applauded and the doctrine enunciated will be considered good American doctrine, which nobody can deny.
